GLIMAKRA
OF SWEDEN

BuildUp is a fabric-covered partition wall system with the same high quality and sound comfort that Glimakra of Sweden is known for. The system can be varied in endless combinations with different corners, fittings, accessories and colours. With BuildUp quiet soundscapes can be created with open or closed rooms, creative pavilions or freestanding walls. The walls can be equipped with doors and also lighting niches and windows that can be placed orderly or in a more playful way, if desired. The windows are available with clear or frosted glass or completely open where the shelf can be used for storage or exposure of objects and plants.

DESCRIPTION

Curved and straight upholstered system walls with width of 1000 mm or radius 500 mm. Height 2200 mm alt. 2700 mm. Body: 35 mm sound absorbing polyether (Oeko-Tex) glued on both sides of an 8 mm sound reducing MDF board (Nordic Ecolabel) with a 80 mm solid wood frame.

Upholstery: Upholstered with fabric on both sides.

The screens can be equipped with door, windows and lighting niches with protruding frame in birch.

Window: Clear glass, frosted glass or open. Windows, open, can be fitted with clothes rail in birch.

Coat hooks: 3 pcs in birch, Ø32 x 45 mm

Lighting niche: Back in birch and integrated LED strip at the top. Upholstered backside. Drivers are placed on the top of the screen. 3 m power cable with European connector.

Door: Door 825x 2040 mm birch. Right or left.

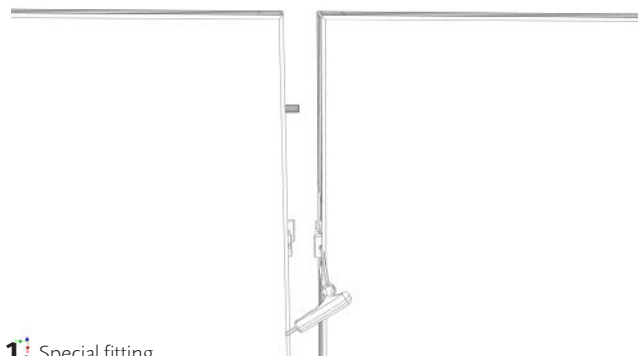

Connection: Upholstered connection poles 90°, 3-way or 4-way. Ending: Upholstered end strip.

Dimensions between 2700 - 3000 mm and other dimensions on request.

100% recyclable materials.

MOUNTING

The elements are delivered semi assembled. The walls are easily connected with pre mounted special fitting (pic 1). Niches, frames and doors are installed on site. The assembly requires no extra ceiling height and requires two persons. Stability is achieved with wall connectors, angled screens and ceiling wire for mounting. Glimakra will assist with advice regarding stability, performance and acoustics. Mounting with ceiling wire (pic 2).

1. Special fitting

FABRIC AND PIPING

Look in Product sheet Fabric and piping.pdf for our standard fabrics, you can download it here:

<http://glimakra.com/en/download/>.

OPTIONS

Electricity: Simple white power socket recessed in a junction box 200 mm above floor.

CERTIFICATE

Glimakra of Sweden AB is certified according to ISO 9001:2015 and ISO 14001:2015.

SPECIFICATION TEXT
