LimbusCampus

Freestanding screen / Wall absorbent

Design: Johan Kauppi

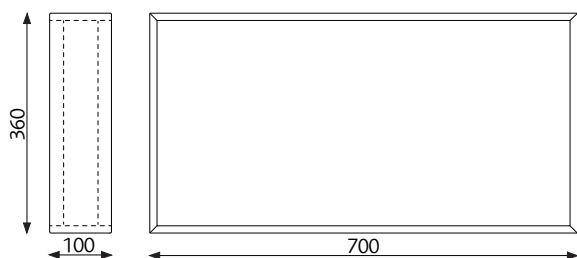

LimbusCampus

Freestanding screen / Wall absorbent

Design: Johan Kauppi

LimbusCampus free standing screen can be put on a table or other surface that occasionally needs to be screened off. The frame in white stained solid ash provide a nice quality feel and it does not require any additional support. The screen can also be hung as a decorative wall panel with the supplied hooks. LimbusCampus free standing screen has both sound absorbing and sound reducing properties.
