LimbusDeskup

Desk screen

Design: Team Glimakra

LimbusDeskup is our most advanced desk-up screen and is based on the original version with 40 mm fabric-covered screen with straight lines, sharp edges and a decorative fabric piping around the screen. The desk-up screen has a perfect balance between sound absorption and sound propagation that is achieved with a sound reducing body and a sound absorbing polyether on both sides. The flexibility in size and fabric selection allows the screens to be customized to most desks. LimbusDeskup can be equipped with integrated toolbar, cable channel and outlets.

DIMENSIONS

DESCRIPTION

Body: 15 mm sound absorbing polyether (Oeko-Tex) glued on both sides of an 8 mm sound reducing MDF board (Nordic Ecolabel) with a 40 mm frame.

Upholstery: Upholstered with fabric on both sides. The nails are covered with a decorative piping.

Installation: Fitted to the table with 2-4 desk fittings. Grey as standard, black and white on request. More information in separate product sheet.

100% recyclable materials.

FABRIC AND PIPING

Look in Product sheet Fabric and piping.pdf for our standard fabrics, you can download it here: <http://glimakra.com/en/download/>.

Height over table: See separate product sheet for desk fittings.

Other dimensions on request.

Thickness: 40 mm

Weight [kg]:

Height [mm]:	500	640	790
Width 440 mm	4.0	5.0	6.1
