LimbusAccessory Cushion is a part of the collection Limbus by Glimakra. The button in birch together with the delicate colour scheme and the characteristic piping of Limbus gives the cushions a Scandinavian, classic and yet modern look. Eight selected colour combinations of fabric form the basis of the collection with a total of thirteen cushions. The sober colour combination of Limbus cushions provides the ability to freely combine them with each other. The cushions are also available in already colour-coordinated sets of three cushions. The environmental and quality awareness of Glimakra of Sweden permeates the material choices in the cushion with the Swedish-produced wooden button and fabric made of wool and flax.
