ContourFloor

Floor screen

Design: Brad Ascalon

It is simple and soothing in its shape. The changing scales emote a sense of nature, like a series of trees in which one is certainly not exactly like the next. The greater the combination of different scaled units, the less one feels like he or she is in an office, but rather in the open, in nature. ContourFloor allows for a focused work mode in that 1) it softens ambient sound, and 2) it masks the visual disruptions of a space to allow for a feeling of privacy both individually and within a small work group.

DIMENSIONS

Thickness: 33 mm

DESCRIPTION

Frame: 6 mm sound absorbing polyether (Oeko-Tex) glued on both sides of a 19 mm sound-reducing lightweight MDF.

Upholstery: Furniture nailed with fabric on both sides. The nail is hidden by a decorative piping.

Wheel stand: 11 mm molded ash on a 19 mm gray painted bottom plate.

Mounting: The wheel stand is mounted before use.

100% recyclable materials.

FABRIC AND PIPING

Look in Product sheet Fabric and piping.pdf for our standard fabrics, you can download it here: <http://glimakra.com/en/download/>.

OPTIONS
