Toolbars for desk up screens

Design: Team Glimakra

GLIMAKRA  
OF SWEDEN

A toolbar with a modern feel, but also flexible, stable and beautiful. The toolbar shows as little metal as possible, this is achieved with a fabric strip. Visually, the toolbar is perceived as two thin parallel lines that are linked to the rounded ends. As an alternative, it also comes with traditional straight finishes.

## TOOLBAR

Aluminium powder coated. Ending: ABS coated.

## DESCRIPTION

Colour: White RAL 9010

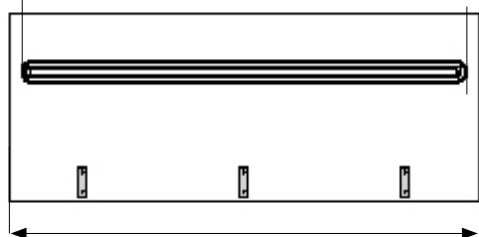

Size: 76 x 11 mm, fabric strip 25 mm

Double grooves 8 mm. c/c 54 mm

### Integrated rounded end / External rounded end

920 / 1120 / 1320 / 1520 / 1720 / 1920 / 2320

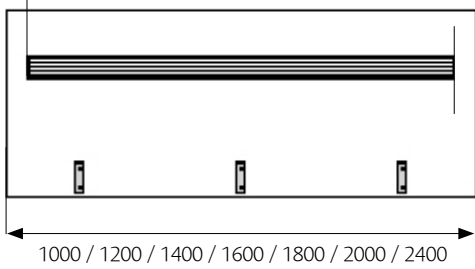

1000 / 1200 / 1400 / 1600 / 1800 / 2000 / 2400

### External straight end

852 / 1052 / 1252 / 1452 / 1652 / 1852 / 2252

1000 / 1200 / 1400 / 1600 / 1800 / 2000 / 2400

For Limbus Soft and Limbus Light, the toolbar is screwed directly into the screen. The toolbar is assembled in the factory. Integrated toolbar with straight ends are not available. Most accessories on the market fit in the toolbar. However, external accessories should be tested / approved before ordering.

## FABRIC

Fabric consumption: screen length / 15. Fabric is included in the toolbar price. The fabric in the fabric strip is the same as on the screen, other fabric in the fabric strip on request.

## CERTIFICATES

Glimakra of Sweden AB is certified according to ISO 9001:2015 and ISO 14001:2015.

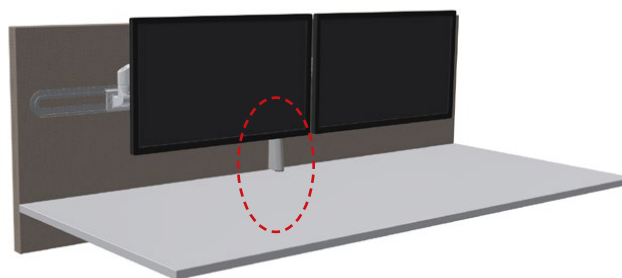

The screens are tested to handle 15kg according to Möbelfaktas requirements.

## SPECIFICATION TEXT

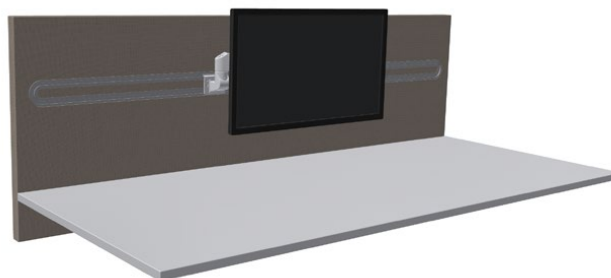

Glimma toolbar 1520 mm with rounded ending, CUZ28 grey, integrated white.

## OTHER INFORMATION

For heavier loads, an extra screen support is recommended, see illustration below.

# Limbus accessories - Lykke

Lighting for desk up screens

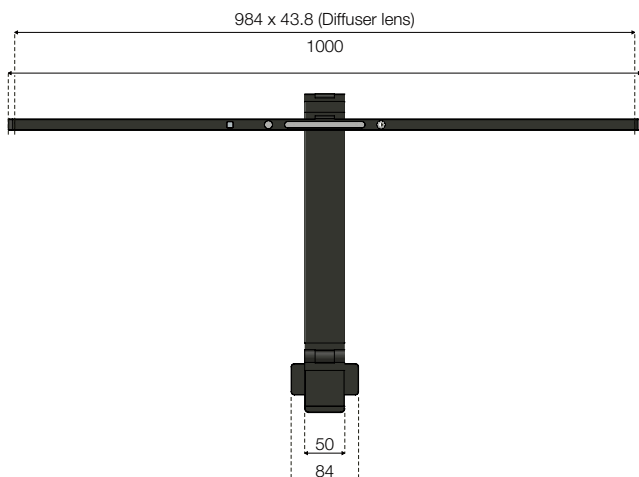

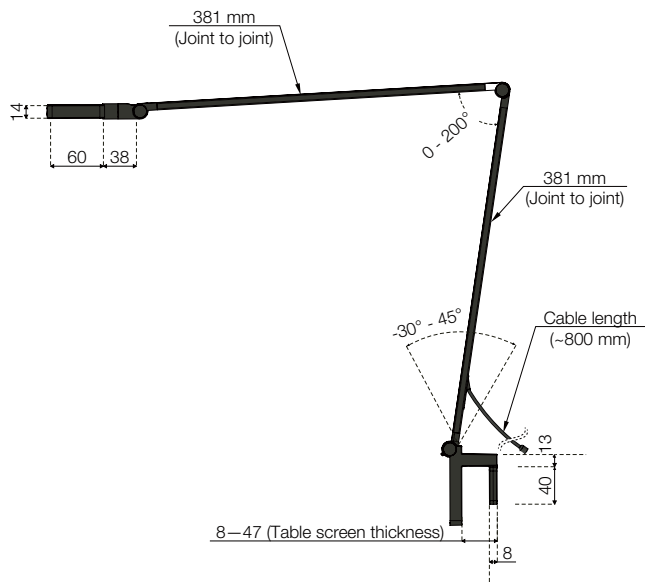

Design: Forming Function

GLIMAKRA  
OF SWEDEN

Lykke was born from the idea of creating beautiful and innovative lighting for modern workplaces. A desk lamp that fulfils the same function as ceiling luminaires and traditional table luminaires, but in a new way. Lykke spreads the light evenly over the entire work surface, freeing up table space and is also easy to adjust.

## DIMENSIONS

## DESCRIPTION

Lykke is integrated in your workspace and always gives you exactly the light you're after. The armature is attached to the desk screen and sits on a fixture that can be tilted to desired height. Different days calls for different light intensities. Therefore, Lykke has a touch panel that allows you to adjust the light temperature and brightness according to any need or occasion. With the help of a PIR sensor, the lamp also switches off when the work surface has been empty for 15 minutes. Lykke comes in the colours white and black.

## SPECIFICATIONS

- Flicker-free
- 2000 — 200 Lux (from lightsource)
- 2450 Lumen (6500 K, from lightsource)
- 100 Lm/W (6500 K, from lightsource)
