Discover the perfect companion for your modern working life with our freestanding powder-coated laptop table. With the optional PowerDot option, you can flexibly charge your device via mains or USB-C, giving you a smooth and customisable experience. Our unique interior design offers the possibility to create a table that either stands out with its colour-coordinated fabrics or blend in with your decor for a more understated look. The robust and sturdy table is still easy to move to suit your working environment, with the handy handle integrated into the top. Give your workspace an uplifting touch of modern elegance with our Laptop Table.

DIMENSIONS

Height: 650 mm

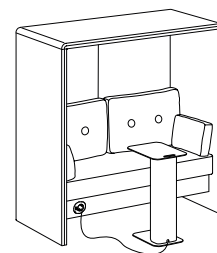

Weight: [kg]: 15kg

Colour	RAL	Fabric
White	9016 gl 70	Lido 10
Grey	7044 gl 30	Lido Trend 131
Black	9005 gl 70	Lido 4
Yellow	1021 gl 70	Wooly plus 2272
Green	6018 gl 70	Wooly plus 2269

DESCRIPTION

Freestanding powder-coated laptop table with PowerDot option for flexible charging via mains or USB-C. The interior can be customized with fabrics that harmonize with the colours of the stand or complement other furnishings. The table is robust and sturdy, but easy to move to suit different working environments, such as a sofa, thanks to an integrated handle in the top disc.

PowerDot and the associated power cable with strain relief, which extends 95 cm, are always in black finish. The table is delivered fully assembled and is equipped with felt pads for gentle use. Made from powder-coated 4 mm steel plate for durability and stylish aesthetics.

95 cm black power cable

USE

Suitable for sofas, poufs and armchairs where the seat height is about 45cm. Adaptation of electrical outlets to other countries' standards is offered.
