Woofers

Meeting table / Conference table

Design: Stone Designs

Woofers is a flexible and modular meeting table, with sound absorbent features. The modular system makes it possible to extend it from a small meeting table of 1,2 meters to a really large conference table of 6 meters, or if needed even longer. The wiring are neatly hidden in the pillars. You can choose between a wide variety of surface materials and colours, and also a large variety of fabrics for the pillars. Woofers is a beautiful furniture for the office, lobby or any other area where you need functional meeting tables with excellent acoustic features. The table top is available with a surface of linoleum, ash veneer or laminate.

DIMENSIONS

DESCRIPTION

Table top rounded edge in clear lacquered MDF

- Ash veneer
- Linoleum standard decoration
- Laminate standard decoration
