Alnäs Rita

Wall mounted write board

Design: Team Glimakra

The Alnäs Rita writing board is made from tempered glass, offering a refined alternative to traditional whiteboards. Its frameless design and concealed fittings give it a clean, modern look. The board is also magnetic and doubles as a bulletin board. It's crafted from 4 mm thick optical-grade tempered glass with a polished flat edge and a metal backing.

Thanks to innovative manufacturing techniques, a wide range of colors is available beyond standard options. Logos and QR codes can be embedded beneath the glass for enhanced durability. Weekly planners with grid layouts are easy to clean without compromising the design. The result is a sleek, customizable, and durable solution.

DIMENSIONS

- 500x500
- 750x750
- 1000x1000
- 1250x1000
- 1500x1000
